accessory bag 5140

7 X

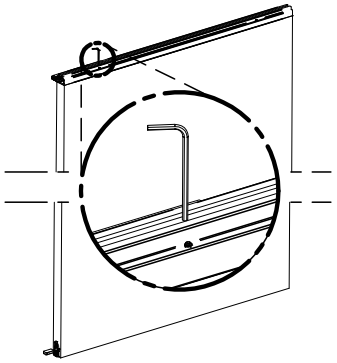

Installation

Height 20 mm => observe door leaf dimensions. Install the guide rail higher accordingly or shorten the sliding door. Please refer to the installation instructions of the sliding door for installation of the guide rail and the carrier.

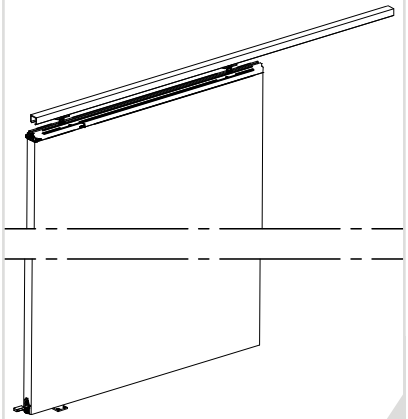

1

Screw the slide adapter-12 to the door leaf

2

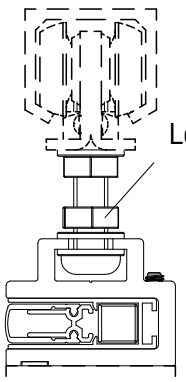

Insert the door seal and secure with the grub screws.

3

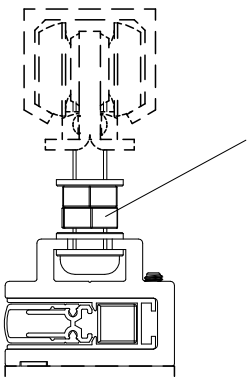

Insert the guide rails and screw together.

Adjusting the height

Loosen lower nut

4

Lock the lower nut with the upper nut and adjust the height by turning. Then tighten the nuts at the top and bottom.
